

2018 FOOD TRIMMINGS TO COMPOST

AT THE WORLD GOLF CHAMPIONSHIPS-BRIDGESTONE INVITATIONAL

Over 1.5 tons
of food trimmings collected
and diverted from landfills.

Trimmings from
food preparations

Collections monitored
throughout the event

All food trimmings
are composted

Thank you to **World Golf Championships – Bridgestone Invitational** for partnering with **ReWorks** for the 2018 Food Trimmings to Compost.

Material collected and composted by Barnes Landscape Materials and Organics Recycling, an Ohio EPA class II composting facility.

This project made possible through
funding by ReWorks.
